Mrs. Luella M. Bullis has the third grade this year while Miss E. B. Ballenger, who completed her course at the Los Angeles Normal school last term, is in charge of second grade. Miss Ballenger is very enthusiastic about her work.

Total of 256 at Central

Miss Annie McIntyre, principal of the Central Avenue school, 1015 North Central avenue, this morning stated that yesterday's enrollment numbered 256, but that there would probably be changes from one school district to another today which might alter this figure.

A great number of pupils registered yesterday at the Columbus avenue school, 515 North Columbus avenue, and its principal, Miss Lorraine Mitchell, today was quite busy preparing reports and getting her school organized for the coming term. She has almost 450 youngsters under her charge and admits that it is some (Continued on Page 3)

Say "Fish" to This Bunch and Hear How It's Properly Done

When it comes to fish stories, let the facts speak for themselves.

That is the idea of Councilmen A. H. Lapham and S. A. Davis who accompanied H. S. Burn and S. P. Davis on a cruise from Redondo yesterday morning.

It was wondered why the city fathers were A. W. O. L. at yesterday morning's special meeting, but when they came home with the lacon—er, we mean fish—there was no question but what they at least had visited a fish market on the pier.

However, the more or less disinterested parties, Messrs. Burn and S. P. Davis vouchsafe the fact that the quartet of anglers hauled in more than 500 pounds of mackerel and yellowtail in a couple of hours' time.

One 15-pound yellowtail was towed around for nearly an hour (here is where the fish story begins) before it was landed. And the fish story ends today with friends of the party enjoying Friday fodder on Tuesday.

MRS. A. MUSTIZER ON VISIT

Mrs. A. Mustizer and son Richard are visiting at the home of the former's daughter, Mr. and Mrs. E. P. Ranson of 128 North Orange street. They have been residing in Los Angeles since coming from Buffalo, N. Y., but Richard has decided he wants to build a home here for his mother and has selected a site on Salem street. He is employed with Mr. Ranson, who conducts the Lunch Box at 103 West Broadway.

DR. COLLIER BACK IN OFFICE

Dr. F. M. Collier of 208 East Chestnut street, who had a narrow escape recently when overcome with gas while taking a bath, has completely regained his health and is receiving his patients as usual. The accident occurred as the result of gas escaping from a leaking jet in the bath room. Dr. Collier was treated at the Glendale Sanitarium and Hospital. His many patients and friends will be pleased to know that he has returned to his office.

Silver Loving Cup Given Evening News For Merchants' Aid

Appreciation of the newspaperman's efforts to present the public with that which is best is seldom expressed.

The Greater Glendale Merchants' Exposition was held here for a week under the auspices of the Chamber of Commerce and directed by H. Elmo La Breque.

The Glendale Evening News appreciated the efforts of the merchants and Mr. La Breque and his staff by giving all of the publicity possible to the event.

Every ounce of co-operation was given with the result that this paper broke all records for business.

But more pleasing still is the fact that today there reposes in this office a silver loving cup engraved as follows:

"Presented to Glendale Evening News and Staff in Appreciation, H. Elmo La Breque, 1921."

T. W. Watson Speaks at Sawtelle on Behalf of C. of C. Campaign

Former City Manager T. W. Watson, who is now heading the business investment department of the R. L. Kent company, spoke at a mass meeting of business men in Sawtelle last night. It was the opening gun in the launching of a Chamber of Commerce campaign by the American Social Reserve of which James O. Stevenson is manager.

The men's meeting in the Women's clubhouse followed one in the afternoon attended by 300 women. Mr. Watson told the Sawtelle people that there are 3000 families coming to southern California each month and this fact makes necessary strong civic organizations to take care of municipal problems.

In relating his experience with the local Chamber of Commerce, Mr. Watson stated that it assisted officials in carrying out large projects. Sawtelle being a part of Los Angeles, Mr. Watson concluded, needed the Chamber more than any other class of city. Local speakers and Mr. Stevenson's outline of the drive followed.

Judge C. R. Powell, on Bench Here, Is Sure City Is Busy

Judge C. R. Powell of Cahuenga township is sitting in the Burbank township justice court here this week in the absence of Judge Harry M. Miller, who is on a vacation by the seaside. The visitor declares he has found Glendale to be a stirring place with more cases in a week than he usually sees in a month.

"And Judge Miller assured me he had a quiet court," he said this morning while waiting for a new defendant. "That's the way with the people who need vacations."

BACK HOME FROM OUTING

Mr. and Mrs. O. O. Clark of 346 North Louise street and Dr. and Mrs. R. C. Lane of 120 West Doran street returned last night from a month's vacation in the vicinity of Bishop and Independence. The party drove to Bishop creek in automobiles and from there went to Andrews Camp where they secured horses and pack animals. From the camp they went to Independence. During their mountain trips they went over four passes, the most wonderful of which was the Muir Pass. The men in the party were fortunate to secure three deer and other game. The vacation was one which will long be remembered by all members of the party.

DEATH TAKES BESSIE DAVIS

Mr. and Mrs. Marion Van Benthuse of 812 East Lomita avenue have received word of the death of Bessie Davis, daughter of Elder and Mrs. S. R. Davis of Santa Barbara, and are planning to attend the funeral services in that city Thursday. Elder and Mrs. Davis have many friends in this city who will be grieved to learn of the loss of their 10-year-old daughter.

LEFTY HERMAN TO RETURN

"Lefty" Floyd Herman, the local lad who created such a sensation with the Edmonton, Alta., team in the Western Canada baseball league this summer, is returning to Glendale in about a week to report to high school in order that he may graduate. His services have been purchased by the Detroit Tigers, it is understood.

The Edwards and Wilsey company of 139 North Brand boulevard report the sale yesterday of ten lots on Salem street, west of Pacific avenue, in the Edwards and Wilsey company's new subdivision, by W. P. MacMullin of Edwards and Wilsey company to Henry Michel, contractor and builder. Mr. Michel will improve the lots with residences.

FORM NEW SECTION FOR BENEFIT OF TUESDAY CLUB

Arts and Crafts Department Will Be Feature; Discuss Plans for This Season

At the recent meeting of the board of directors of the Tuesday Afternoon club, which was held at the home of the president, Mrs. C. E. Hutchinson, the members authorized the forming of a new section to be known as the "arts and crafts section," with Mrs. Ralph Meeker as curator.

The purpose of this new section will be to study home decorative arts. At the present time many of the members of the club are going to Los Angeles to take special lessons in various kinds of art work and a great deal of enthusiasm has been shown when the announcement of the forming of this new section was made.

In an interview with Mrs. Meeker she stated that the work of the section will include everything from making baskets to crocheting, making lamp shades, etc.

Will Give Instruction

Mrs. Meeker states that the Women's club of San Diego has one of the finest arts and crafts sections in the state, and that last year they spent a great deal of time in making baskets. Some of the women who are experts in that line of work have offered to come to Glendale as soon as this section takes up its work and give the members instructions.

Mrs. George Cheney of Coronado, who for the past two years was state chairman of arts in the California Federation of Women's clubs, has also expressed her willingness to Mrs. Meeker of coming to Glendale before the holidays and teach the members of this new section how to make all kinds of place cards, favors and nut baskets.

Another object of the section is to have the various members each contribute something in the way of new ideas to be carried out in the work, those who are specially adapted in certain lines teaching the other members how to make some of the fancy work.

First Meeting Is Called

The first meeting of the new section, to which all members of the Tuesday Afternoon club, who are interested in arts and crafts work, have been invited to join, will meet at the home of Mrs. Meeker at 1320 East Colorado street to organize the second Thursday in October.

As it is expected that the section will be too large to meet regularly in a private home, Mrs. Meeker has interviewed Mrs. J. C. Danford, librarian, and has secured her consent to use the library building from 10 o'clock until 4 p. m. the second and fourth Thursdays of every month.

Miss Edith Learned Hostess to Members of Church Society

Last Friday night the members of the Christian Endeavor Society of the First Christian church enjoyed a hike to the home of Miss Edith Learned in the Grand View district. After cooking supper out-of-doors and playing games and singing the young folk returned home, tired but feeling that they had had a most profitable evening.

The beginning of the fall and winter activities of the society was marked by a large attendance of thirty-four being present at the Sunday night meeting. At that time it was decided that the society would enter the "four square" contest which was started at the national C. E. convention recently held in New York.

A business meeting will be held Friday night at 7:45 o'clock at the home of C. C. Stoler, 339 West Colorado street.

ARTHUR C. BURCH DENIES HAVING MADE CONFESSION
LOS ANGELES, Sept. 13.—Arthur C. Burch today denied in its entirety the confession he is alleged to have given Chandler Sprague, newspaper reporter, published in a three page copyrighted article by a morning paper here, in which Burch was quoted as having admitted that he killed J. Belton Kennedy.

APPROVE OF REDUCTIONS ON LIVESTOCK SHIPMENTS
WASHINGTON, Sept. 13.—Railroad rate reductions on livestock shipments in the middle west territory between the Missouri river and the Rocky mountains, which will save shippers \$10,000,000 annually, were approved by the interstate commerce commission.

SIXTY THOUSAND RAILROAD EMPLOYEES TO MEET, PLAN
CHICAGO, Sept. 13.—Sixty thousand railroad employees will meet here Sunday to consider the present wage difficulties with the roads. The announcement of the meeting was made today by Bert M. Jewell, president of the railroad department of the American Federation of Labor. Jewell, who is to address the membership, would not reveal the nature of his speech. The meeting was called in view of the fact that shop employees all over the country have voted overwhelmingly against acceptance of the wage cut that went into effect July 1.

EARLY STOCK TRADING ON N. Y. EXCHANGE IRREGULAR
NEW YORK, Sept. 13.—Irregularity prevailed in the general list of stocks in the first hour's trading on the New York stock exchange today. United Drug broke to its old low of 46¼ at the opening, following the action of directors in passing the common dividend. Constructive features of overnight news helped to strengthen certain stocks, especially oils on the report that an international banking group would float a loan for Mexico. The entire industrial list rallied around noon. Baldwin was advanced to 88¾, a recovery of over two points, and similar rallies were manifest in other speculative stocks which were under pressure Monday. Mexican Petroleum got back to 115¼ and Studebaker to 77¼.

PROSECUTOR SEEKS NEW EVIDENCE IN ARBUCKLE CASE
SAN FRANCISCO, Sept. 13.—District Attorney Mathew Brady announced today that he was gathering new evidence against Roscoe ("Fatty") Arbuckle, accused of murder and would lay the case before the county grand jury for a second time within a few days. Last night the grand jury failed to indict Arbuckle after hearing a score of witnesses. At 9 a. m. Arbuckle was ready for the summons to the coroner's office to be present during the inquest. Ten o'clock was the hour set for the inquest. During the hour preceding the opening of the inquest it was noised around the hall of justice that Arbuckle might be asked to take the witness stand. At 10:30 the inquest had not yet got under way.

SPECIAL MEETING OF P.T. A. BOARD AT INTERMEDIATE

Some of Activities Are Under Discussion; Hear Details of Proposed Bond Election

A special meeting of the Parent-Teacher Association board of the Intermediate school was called by the president, Mrs. W. A. Kulp, at 10 o'clock yesterday morning at the school building, after the members had extended greetings to the parents of children recently enrolled at that school.

Plans were discussed in regard to some of the activities to be taken up by the association during the year.

A committee consisting of Mrs. L. T. Rowley and Miss Noble was appointed to look into the matter of providing curtains for the windows in the office rooms of the school.

It was also decided that cards would be printed for distribution among the members indicating the time of each meeting to be held during the year.

Plays and Benefits

The feasibility of having a play early in the season instead of waiting until the end of the year was also discussed. The matter was also taken up of having a benefit if possible at each of the theatres.

The children will be invited to provide several entertainments for the Parent-Teacher association during the year, one in November and another in February.

It was also decided to hold a "fathers' night" during November, at which time Mark Keppel, county superintendent of schools, will be invited to give an address.

Richardson D. White, city superintendent of schools, gave a very interesting talk, during which he spoke of the \$260,000 school bond election to be held October 11. He told the members that one of the buildings contemplated providing the bonds carried is that of an Intermediate school building at Glendale and Park avenues, which will greatly relieve the congestion at the present Intermediate school and also at the Cerritos avenue school in the southern part of the city, where at present they have eight grades.

Increase in Pupils

In speaking of the enrollment at the Intermediate school Mr. White stated that the first day this year 108 more pupils were registered than the first day last year.

A committee consisting of Mrs. Jefferson, Mrs. Pierson Hanning and L. T. Rowley was appointed to cooperate with the school board in the matter of the bond election.

The first regular meeting of the Intermediate Parent-Teacher association will be held at the school building the last Wednesday in the month.

C. of C. Membership Drive Committees to Meet Friday Night

Committees in the Chamber of Commerce membership drive will meet Friday night at the White Inn for dinner and a discussion of problems met by the members of the teams.

Good results already are reported to Assistant Secretary E. F. Sanders by the captains of the four sections of the city and it is confidently expected that the goal of 1000 will be reached by October 1.

Mrs. M. I. Biggs, E. B. Elias, Ella W. Richardson and Dr. Jessie Russell are the leaders in the campaign. Quite a little rivalry is being evidenced by residents of the different sections.

RETURN FROM AUTO TRIP

Mr. and Mrs. Lester Jones of 301 North Cedar street and Mr. Jones' cousin, Jones Crawford of 908 East California avenue, returned to Glendale Saturday from a four weeks' automobile camping trip to various parts of the Pacific coast. The party went as far north as British Columbia, making short stops at numerous cities and towns en route. They report "a most delightful trip" and an abundance of beautiful scenery. Among the relatives visited in Portland, Oregon, were Mrs. Ora Wilde and Mrs. Laura Purcell, both formerly of this city.

RETURN FROM VACATION

Mr. and Mrs. Harry Marple and two children, Betty and Harry, Jr., of 202 West Palmer avenue, and Mrs. Marple's niece, Dorothy Young, returned to Glendale Sunday from Switzer's camp, where they enjoyed a delightful outing and vacation. All of the party, with the exception of Mr. Marple, spent ten days at the beautiful Arroyo Seco resort, Mr. Marple having spent Labor day and the past week-end with his family.

REGISTRATION FOR HIGH SCHOOL AT OPENING 1,010

Remarkable Record Being Set in Number of New Pupils; Classes Are Organized

The expansion of Glendale is indicated quite definitely in the opening enrollment of the Glendale Union High school, according to Principal George Moyse. At noon today he announced a registration yesterday of 1010 pupils. Last year's figure was 801, making an increase for the first semester of over 25 per cent.

"We made preparations to take care of about 900 students this week," said Mr. Moyse, "and the teachers have been kept quite busy to take care of the new students. We thought that 900 would be a fair enrollment in comparison with last year's attendance. Classes were organized yesterday, lessons assigned and the studies are now in progress.

"In a few cases certain classes contain sixty or seventy pupils, which makes them too large for one teacher. These extra large classes, of course, will have to be re-organized, or divided. However, both teachers and students are showing fine enthusiasm."

A great many new teachers are on the high school faculty this term. Some of last year's teachers left Glendale to enter school work in Los Angeles. New teachers are taking their places here. The larger attendance has made necessary the hiring of nine new teachers. Mr. Moyse does not believe it will take these long to get acquainted with their pupils and associate teachers and fall into the spirit of Glendale High.

For the first time, the school auditorium has been turned into a permanent study hall. This is necessary on account of the necessity of using one of the large study rooms for penmanship classes. As the pupils must sit with their books in their laps, preparing written work during study periods is somewhat difficult. The auditorium does not seat more than 500 and Mr. Moyse admitted that it would be a problem to arrange general assemblies.

Locker Keys Issued

Locker keys were being issued at noon today and the balance will be assigned tomorrow. Of course, friends are doing their best to obtain lockers in the same vicinity and there is much rejoicing when they succeed in doing so.

Among the new studies being taught this year are oral interpretation, economics, which is substituted for sociology, pastel and charcoal drawing, poster designing, piano instruction, and comptometer operation. Besides the separate boys' and girls' glee clubs there is a mixed chorus.

Mr. and Mrs. Emery and Family Back From Auto Journey

Mr. and Mrs. E. U. Emery and daughters, Josephine and Olive Bell, and son, Gilbert, of 329 North Kenwood street, returned Sunday night from a two weeks' automobile vacation trip through the northern part of the state. They went as far north as Shasta Springs. While in the north they visited Mrs. Emery's brother, J. G. Ferguson and family at Dunsmuir, and brother-in-law and sister, Mr. and Mrs. H. P. Smith of Berkeley. At Oakland they visited Mr. and Mrs. Harold Latter.

Mr. and Mrs. Emery state that they were eight days traveling. Four nights they spent at hotels along the way. They found fine hotels, even at Corning, a place of about 5,000 people. The hotel there had a large swimming pool, ball room and all modern conveniences. Mr. and Mrs. Emery state that they were loud in their praises of Glendale, but when it came to hotels they had to keep silent on that subject.

Firemen Use Gas Masks to Shut Off Escaping Ammonia

Gas masks were called into service this morning by the local fire department when it was necessary to shut off the ammonia fumes filling the Henry-Brown Sierra Club beverage plant at Wilson avenue and Isabel street this morning.

A broken pipe caused the suffocating substance to spread through the big building and immediate action was necessary. Captain Ralph Dorn and Jack Rockwell of Station No. 1, and O. M. Clinton, mechanic at the plant, donned the death-defying helmets and made their way to the basement where the refrigerating plant is located.

Practically no damage was done although production of the famous Sierra Club beverages was delayed for a short time, according to the firemen's report.

A small dwelling in the Verdugo hills on the easterly city limits was destroyed by fire this morning. The local fire trucks were unable to get to the scene, according to Captain Rockwell, who personally climbed the hills to the ruined home. The names of the occupants were not learned.

Peter Hanson Opens Real Estate Office at 124 W. Broadway

Peter Hanson, who for the past few months has had his real estate office at 117 South Brand boulevard, is opening his new office at 124 West Broadway this week and will be ready to meet his former friends and newcomers at that place.

Mr. Hanson has had fifteen years' experience in the real estate business in Los Angeles and vicinity, at one time having had five offices, one each at Los Angeles, Lankershim, Baldwin Park, Long Beach and Gardena. He has given up all of these offices, with the exception of that at Los Angeles, which he expects to close up in a short time, and will devote his entire time to this field.

Mr. Hanson has his home in Glendale and has built several places since coming here. He also has considerable business property at Gardena.

Glendale Folk Take Hunting Trip; Shoot Rabbits and Doves

Mr. and Mrs. Allen Fairchild and Mr. and Mrs. B. F. Cook of this city enjoyed the first of the week on a hunting trip which took them thirty-five miles east of Palmdale and into the mountains which overlook the Mohave desert. They bagged the limit of doves and shot a few rabbits. Several tree squirrels also scampered in their range, but were left strictly alone.

A trip to the Big Rock creek district is a wonderful day's motor outing, according to Mr. Cook, who says that it is a delight to be high up among the pines and look down on the endless slopes of sand. It is about a 175-mile run from here over Mint Canyon boulevard.

Fig Conserve Recipe Given by Subscriber

The Glendale Evening News is in receipt of the following recipe for fig conserve from one of its subscribers:

"Peel four pounds of figs and cut them in pieces. Add one-half cup each of orange and lemon juice, grated rind of one orange and four cups of sugar. Cook slowly until thick. Add two cups of nuts broken in pieces and cook five minutes. Pour into glass jars and seal."

HOME TOWN REUNION HELD

A little "old home town" reunion was enjoyed at the home of L. W. Wright, 237 West Wilson avenue, Sunday. Mr. and Mrs. Leon Breylinger and son of Racine, Wis., spent a pleasant afternoon talking over old times in Green county. The Breylingers are residents of Los Angeles at present.

MINNESOTA FOLK TO PICNIC

All who ever lived in Minnesota are called to meet for a great picnic reunion all day Saturday, September 24, in Sycamore Grove park, Los Angeles. If rainy on this date it will be postponed to Saturday, October 15. There will be a brief program, opening about 2 o'clock, but the main purpose will be to have a good time.

proposition to keep them all interested in their work. The kindergarten, which numbers over fifty this year, has an assistant teacher in the person of Miss Lauderdale. Miss Vesta Bigelow is this year's sixth grade teacher.

Two New Teachers

Two new teachers, Miss Alice McCoy and Miss Jessie Thornton, have classes this year at the Colorado street school, 220 East Colorado street. Miss Ida M. Waite, principal of the school, also teaches the first grade. About 275 boys and girls registered for the first day of school and more are expected to return from out of the city before the week is over. Miss Waite anticipates a much larger enrollment in the kindergarten before long. Miss Thornton was a student at the University of Berkeley last semester and is glad to get located in the Glendale school system. She is teaching the third grade while Miss McCoy, who was at one of the other local schools last term, is in charge of the second grade.

Doran Street School

"It seems to take a week or two to get the children coming to the kindergarten," this morning remarked Miss Lois G. Hatch, principal of the Doran Street school, 823 East Doran avenue, who stated that she expected her primary registration to increase greatly in a couple of days.

The total enrollment of the Doran school is in the neighborhood of 175. Mrs. Mabel Douglas, from Oklahoma, is in charge of the fifth and sixth grades this term, taking the desk of Mrs. Antoinette Mandis, who is now acting as a substitute.

Miss Emma Faxton, principal of the Magnolia Street school, San Fernando, this morning announced the number of her class as twenty-seven, having sixteen in the first grade and eleven in the second.

"I think more probably will enter later," she remarked. "There are a few more this term than last year."

"We are very, very busy this morning," admitted Miss Annie McIntyre, principal of the Central avenue school, 1015 North Central avenue. "There are a great many new faces this term and, of course, many pupils who were here when school closed. They all seem to be eager to get started in their work."

The Cerritos avenue school, 115 East Cerritos avenue, under the principalship of Mrs. Annie L. S. Curtis opened this morning for the second day of school with the girls eagerly looking forward to recess, when they might discuss their class work, and the boys just as eagerly looking forward to the noon bell and lunch.

Interior And Exterior

The portable school building not yet having materialized, pupils of the first and second grades at the Pacific avenue school, 328 South Pacific avenue, are dividing their time between the interior and exterior of the school building. For reading class the little tots take small chairs and go into the school court while for writing they are obliged to return to desks.

Miss Fannie O. Stone, principal of the school, admits that this system is rather inconvenient although not so unpleasant now as in cooler weather. The kindergarten this year numbers about forty already and is somewhat larger than last term. There are over 300 in attendance at the Pacific avenue school.

Mrs. M. O. Ryan, principal of the Broadway school, 1201 East Broadway, this morning stated that school work was being quietly and quickly organized and would soon be completed. This school has nine class rooms, including six grades, a kindergarten and ungraded class. Mrs. Carolina Wilkinson, who was substituting last year, is now teaching the upper half of the first grade. She takes the place of Mrs. Ellenore Blong, who is not teaching this term. As soon as the changes have been completed, according to Mrs. Ryan, enrollment figures will be more definite.

SIX DANCERS HEAD VAUDEVILLE BILL GLENDALE TODAY

Four Other Good Acts Down
on Program; Picture Is Fea-
ture, "Closed Doors"

Six beautiful dancers—one of the
best terpsichorean acts ever seen in
southern California—comes today as
the headline number of Meiklejohn
& Dunn's road show at the Glendale
theatre.

In addition to the lovely girls,
whose troupe name is held secret for
professional reasons, there are four
other stellar acts from the big cir-
cuits which should provide everybody
with 100 per cent enjoyment.

Following is a synopsis of the film
feature on the same program:

A page from life revised and em-
bellished to make it an attractive
photoplay adequately describes
"Closed Doors," in which the charm-
ing Alice Calhoun has a role of un-
usual proportions. Every nerve fi-
bre and energy possessed by the
young star are utilized in the produc-
tion. She is first seen as a care-free
girl of fourteen. Then the spectator
is carried to her debutante period
and later sees her developed into
womanhood. She is called upon to
perform several hazardous feats and
must exercise great skill in the em-
otional scenes.

A strong cast of well-known screen
and stage players are in support of
the star. G. V. Seyffertitz, formerly
director of Maude Adams, Leo De-
trichstein and several other stars of
the stage, directed the production.
As a work of screen art, a story of
interest, a film of scenic and photo-
graphic beauty and a fashion show,
"Closed Doors" ranks high. The
story is filled with human interest.

teen dwellings, showing the rapidity
with which this city is growing in

extraordinary activity.

This new industrial concern will be
located at 314-328 South San Fer-

Double Program at Palace Grand Today; Bebe Daniels There

You know Bebe—
At least you ought to know her
after a personal appearance at the
Chamber of Commerce rally here last
week.

But this fascinating good little bad
girl opens an entirely new bag of
tricks in the rollicking comedy, "The
March Hare," which is a big part of
the double bill at the Palace Grand
today and tomorrow.

You have never heard of such wild
pranks as those of Elizabeth Ann Pal-
mer, the only child of a millionaire,
who bet she could live a whole year
in New York on 75 cents. She won
her bet, you bet.

But better yet, see how she did it.
Is it possible for a society rose to
fall sincerely in love? What is he to
do when his cherished son is his
rival? These questions are answered
in "Beau Reveil" which will be shown
also. Kinograms complete the big
bill.

levard, is one of the newer stores,
having been established for about
six months, and specializes in Colum-
bia phonographs and other music

Gets Thirty Calls on 30-Cent Ad for Sale of His House

F. C. Kearne of 221 North Howard
had a house for sale.
He priced it right and then adver-
tised in The Glendale Evening News.
"I had thirty calls and sold the
house for 30 cents," he told the
classified department of this paper.
Only another proof that these col-
umns are widely read.
Which is nuff, sed.

PIANIST MAKES HOME HERE

ginning September 15. Mr. van den
Berg has taken a residence in Glen-

cently was made an honorary mem-
ber of the Glendale Music club. Re-
sides building many new programs
for the clubs before which he will

Mrs. William Kinney Returns
From Month's Vacation to
Discover Burglary

Mrs. William Kinney of 360 Ivy street returned to her home here yesterday after a month's vacation trip to find that the place had been rifled of valuables by some sneak thief.

Among the loot was a blue georgette beaded dress, a silk sweater and other lingerie; a woman's gold watch, a strand of amethyst beads, pearl ear set and the silver stem of a wine goblet.

The police are investigating that case as well as suspicious characters around the home of Mrs. Margaret E. Hadley, 1109 East Broadway.

Four alleged short change artists were picked up by the police yesterday afternoon on a tip given them by G. H. Smith, of the Fountain Lunch in the Sam Seelig market. They were forced to return the change they had unjustly collected and later in the day were turned over to the Los Angeles police for investigation.

Due to the fact that no one cared to prosecute these petty larcenists and there was nothing on record against them, they were released with a warning to leave southern California.

SOUTHERN GLENDALE (Tropico) DISTRICT

THURSDAY CLUB LOT IS PURCHASED BY MRS. FIGUEROA

Reported Price \$1800 and
Money Will Be Placed
Out at Interest

At the special meeting of the officers and members of the Thursday Afternoon Club held last Thursday afternoon at the branch library building on South Brand boulevard it was decided that the organization would dispose of its property on the northeast corner of Maryland and Cypress avenues, the money derived from the sale to be deposited at interest. Accordingly, the lot was sold to Mrs. Mary V. Figueroa of 1258 South Maryland avenue, the reported price being \$1800.

The club, which was originally incorporated as the "Tropico Thursday Afternoon Club," is one of the oldest, if not the oldest, woman's club in the city, having been organized about fifteen years ago. Heretofore the women have been holding their meetings once a month, although it is planned to change the schedule to a bi-monthly basis in the near future.

List Of Officers

The present corps of officers of the association are: President, Mrs. E. V. Bacon; first vice president, Mrs. A. J. Becker; second vice president, Mrs. Earl Ashton; treasurer, Mrs. Stillman E. Brown; recording secretary, Mrs. S. Storer; corresponding secretary, Mrs. Serviss.

The officers of the club have announced that all women of Glendale are invited to attend the series of lectures and illustrations in the nursing class, the first lecture to be held at the Branch Library building next Tuesday, September 20. The lessons will be given twice each week until the total of fifteen has been given.

JAPAN OFFERS U. S. PLAN SETTLING YAP MANDATE

Right to Cable Landings and
Distribution of Lines Are
Among Terms

By A. L. BRADFORD

United Press Staff Correspondent
WASHINGTON, D. C., Sept. 13.—The Japanese government has approved the plan worked out here for a settlement of the Yap mandate and Pacific cable questions, it was today learned authoritatively.

The plan for the settlement of this difficult problem has been agreed upon informally in principle by the Secretary of State Hughes and Baron Shidhara, the Japanese ambassador here, it is said.

The terms of this informal agreement were cabled some time ago by Ambassador Shidhara to his government and the Japanese government now has sent its approval, likewise "in principle."

Secretary Hughes now is expected to proceed to put the tentative agreement into formal and binding terms.

Here Are Main Terms

The main terms of the agreement are understood to be:
First—That Japan recognizes the right of the United States and other nations to use Yap as a cable landing station and for other cable purposes, while the American government drops its objections to the allocation of Yap to the mandate of Japan.

Second—That the former German cables in the far Pacific be distributed so that the United States will have the line from Yap to Guam, Japan that from Yap to Shanghai, the Chinese end of which was diverted to Japan and that The Netherlands' interest in the line from Yap to Manado, in the Dutch East Indies, be recognized.

CO-OPERATION AID FOR COMMUNITY DEVELOPMENT

George Bentley Tells About
Building Activity; Urges
Construction Now

"Operation means work," said George Bentley of the Bentley-Schoeneman Lumber company, 460 West Los Feliz Road, "Co-operation means to work together. Co-operation is the agency of advancement and development, and the watchword of modern progress.

"Co-operation is the secret of community development, every citizen working hand-in-hand, shoulder-to-shoulder for the up-building of their community and the betterment of its citizens.

"Progressive cities and towns are those with co-operative citizens, broad-minded community builders who are not self-centered to the detriment of their co-citizens, but who labor unselfishly to promote the interests of their home town. Every builder is a co-operatist, a developer, a maker of progress, and an aid to community development. Home building is an evidence of faith in the future of our city. The first aid to any city is building new, modern homes, or the modernizing of their old ones. Building activities reflect progress.

Much Building Activity

"This is clearly shown in one of our California cities, where building permits so far this year number 14,920, and represent an investment of \$34,392,477. You will note this covers every conceivable kind of construction. Of the permits issued, 5,920 were for homes, 344 for mercantile buildings, 34 office buildings, 25 schools, 87 factories, 3,401 garages, 7 theatres, 32 warehouses, 5 hospitals, 3 hotels, 135 flat buildings, 36 apartments, 13 motion picture studios, 11 churches, the other 4,867 permits were for remodeling and miscellaneous constructions.

"A list so general can mean but one thing, that investors fully realize now is the time to build, that the building material market has become stabilized, that the prices cannot long stay at present low figures.

"Men who study conditions and are in a position to know are rushing construction work with all possible haste. This is the best recommendation why you, too, should give immediate consideration to your building needs."

NOTED SOLOISTS IN 'PERSIAN GARDEN' AT WOODLANDS

Additional Features Obtained
For Presentation to Aid
Tuesday Afternoon Club

With detailed plans being perfected for presentation of "In a Persian Garden," which will be given at 8 o'clock Saturday night in beautiful Verdugo Woodlands under the auspices of the music section of the Tuesday Afternoon club, the wishes of the music lovers of the city will be fulfilled in being able to attend an elaborate spectacle of this kind right in the city of Glendale.

Several feature attractions have recently been added to this production, including the Denishawn dancers, Mrs. Charles A. Parker, director of the Madrigal club, will have the distinction of being the only local vocal soloist, she having been assigned the contralto part. The other soloists are Franklin Record, tenor; George Walker, who was the leading bass soloist in the Imperial Opera house at Vienna for several years and who, during the last two years of the war, sang in Paris, Italy and London; and Madame Cavellieri, soprano.

Excellent Orchestra

A splendid orchestra has been secured, the members of which, as well as all others taking part in the performance, will wear Persian costumes. The members of the Junior Auxiliary of the Glendale Music club, of which Miss Veda Knapp is president, will act as ushers and will also wear the Persian costumes. The lighting effects will be something unique and the entire production promises to be something quite out of the ordinary.

Proceeds are to be used towards the construction of a new club house for the Tuesday Afternoon club, members of which will also be in charge of booths in Verdugo Woodlands where coffee, soft drinks, ice cream and so forth will be served.

The Glendale-Montrose street cars will run a fifteen minute schedule, as well as extra cars being run from Los Angeles. Those in charge state that there will be ample free parking space at the grounds for those who care to motor out.

HIGHER COSTS OF LIVING AGAIN EVIDENCED

Everybody Who Knows States
Prices Are Going Up as
Winter Approves

By L. C. MARTIN

United Press Staff Correspondent
WASHINGTON, D. C., Sept. 13.—
The cost of living will go higher this winter.

This is the virtually unanimous prediction of government officials, economists, bankers and business men as a result of careful study of the price situation and general conditions.

However, economic experts in public and private service see in a price rise a sure indication that the country is striding back to normal once more.

Food Prices Increase

Food prices are already on the increase in the principal cities, the United States labor department announced officially today.

Bradstreet's index of wholesale prices shows now an increase after thirteen months of steady decline.

Roger Babson, B. C. Forbes and other economists have noted and announced the same trend and predicted its continuance.

The encouraging thing about high prices, economists say, is that it means "equilibrium and stability." They explain that prices which declined sharply are now coming up to meet those which did not fall so far.

Explanations Lacking

No expert has yet satisfactorily explained why those which didn't fall should not now go down to meet those that did, instead of the low ones coming up to meet the high ones.

American consumers might as well abandon hope that pre-war prices will again prevail, the experts warn.

Government figures show the cost of living never has dropped to the 1913 level. The same figures show also that there is a bigger margin of profit today somewhere between the wholesaler and consumer than there was in 1913.

In North Dakota it is illegal to smoke in a hotel dining room, cafe, or a dining car in which women are present, under a law passed by the last legislature. Both the proprietor of the place and the smoker are liable for violations.
